

Contestants of the JINR Young Scientists Contest

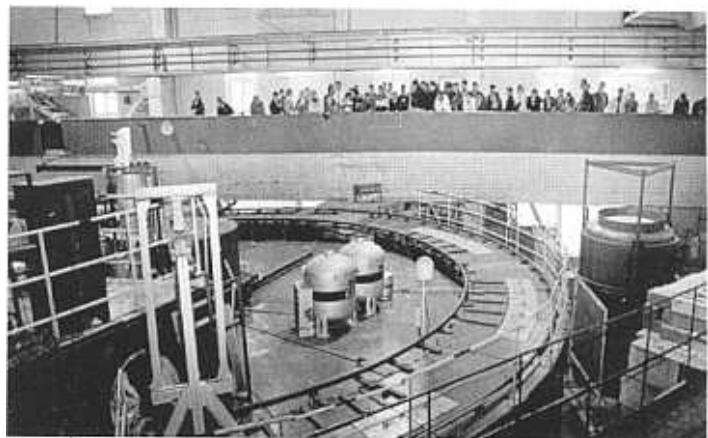

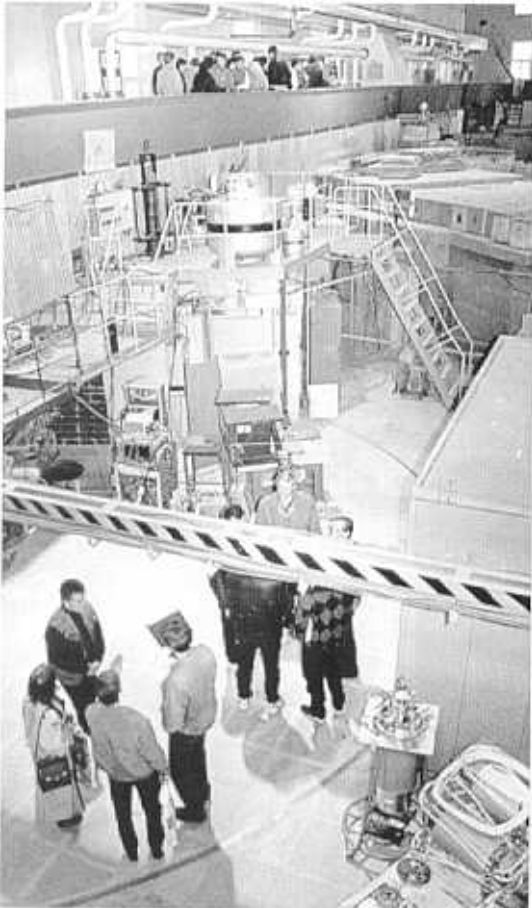

Participants of the VII School
on Neutron Physics

A. Kuklin
giving a training
at the spectrometer YuMO

VIII School on Neutron Physics.
Working days

Participants
of the DBM-8 Seminar

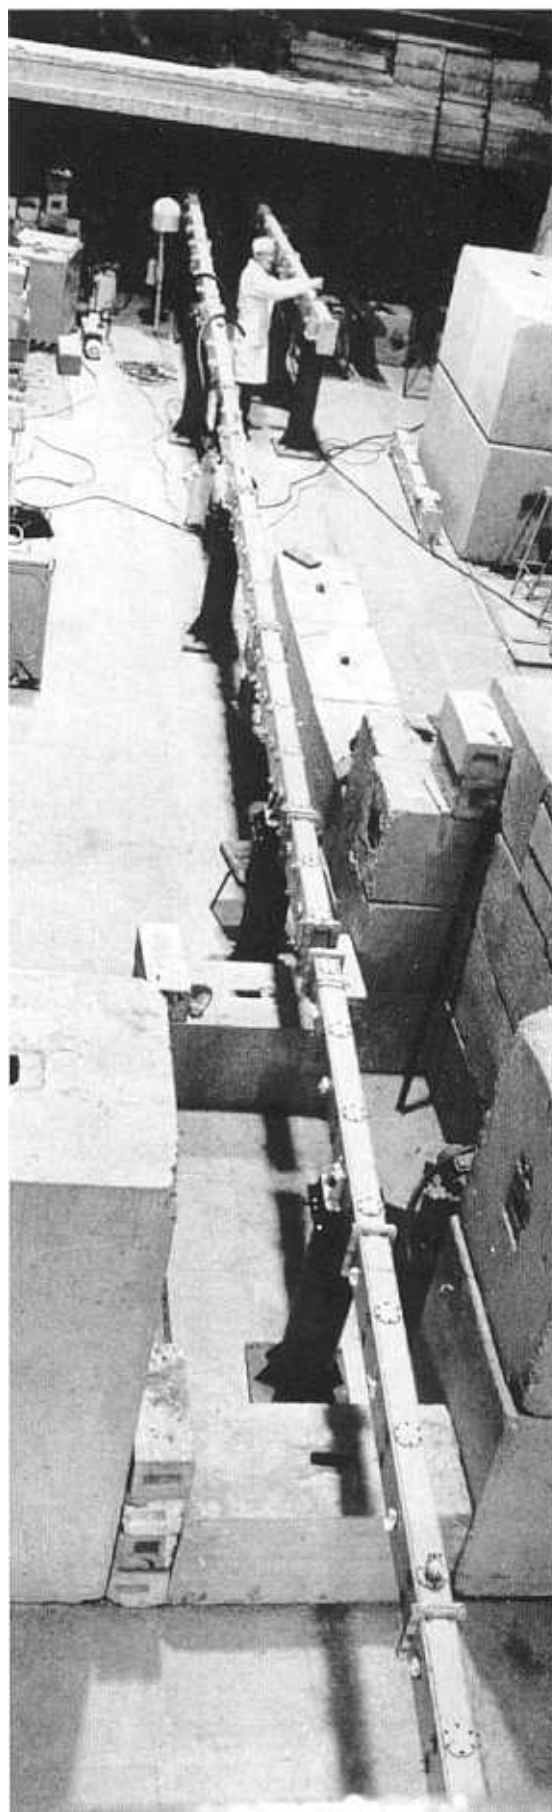

V.Yu.Pomiakushin is showing participants of the Russian-German Seminar of IBR-2 Users around the Fourier diffractometer

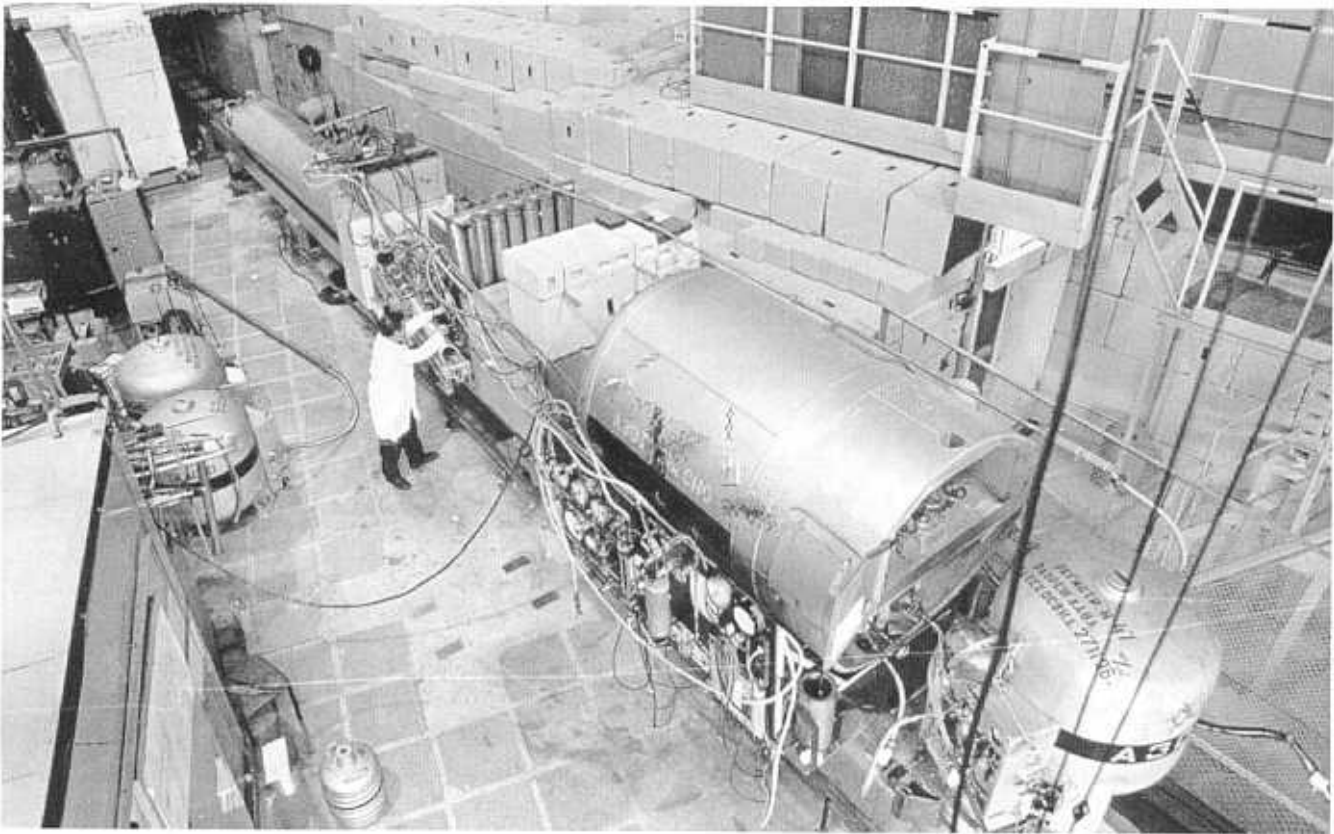

V.K.Ignatovich and ISINN participants

**L.Cser and V.L.Aksenov are discussing
the JINR–Hungarian cooperation**

**Assembling of a neutron guide
for the new spectrometer PSD**

E.N.Kulagin is preparing experiments conducted under the auspices of the ATLAS project

Visit of a Polish delegation

Work to introduce a by-pass into the sodium cooling system of the IBR-2 reactor
